Harvest Information  
2007

<u># Harvested</u>	<u>Sex</u>	<u>Average Weight (dressed)</u>	<u>Estimated Average Age</u>
6	Buck	93 lbs	2 ½ years
12	Doe	66 lbs	2 years

Detail: Lot 11            2 – Buck, 10- Doe  
Hatchette Lot 4 – Buck, 2 – Doe

Notes:            While considering that 2007 was a wet, therefore healthy year for the deer herd, the deer have continued to show improvement in regard to size and antler development. The focus will continue to be in taking more doe, as well as spike for 2008 and beyond.
